

SCHOOLTOOL GRADE BOOK UPDATES

SchoolTool has released a new Grade Book experience that provides educators with completely redesigned grade book setup and grade book editor areas.

FEATURES

- A new **wizard-style setup** to help guide you in the grade book creation process.
- **Simplified grade book management** to make it easier to see a list of all grade books, change the default grade book, edit grade book names.
- **Color coding** for grade book categories, custom grading scales, and assignment score ranges make it easy to quickly identify information when you're working in the grade book editor.
- **Improved management** of categories, attributes, and scales, including assignment counts to indicate when grade book elements are in use and helpful graphs to provide a visual indicator of how your category weights are distributed.
- **Auto saving:** No more forgetting to save changes - assignment scores are saved as soon as you enter the value and move your cursor out of that cell.
- **Simpler assignment management:** Adding individual assignments is more intuitive, with a pop-up that walks you through the process of creating your assignment.
- **Repeating assignments:** When creating a new assignment, you can specify that it's a repeating assignment.
- Brand new **"single student view"** for times where you only want to view a single student's performance (e.g. parent conferences).
- Improved **Google Classroom** integration.
